

QUALITY & ENVIRONMENTAL POLICY STATEMENT

Linear UK Group Limited provide design & development, management, procurement and installation relating to construction activities in the role of Principal Contractor and Specialist Sub-Contractor. In addition to this we provide a full specialist fire management service incorporating fire risk assessment, design reviews and testing of fire safety products.

We, as a company, are committed to:

- Compliance with applicable regulatory and other requirements relevant to our business and contract specification.
- Continual improvement and development of our systems and services whilst improving our environmental performance
- Meeting and where possible exceeding the expectations of our clients.
- Protection of the environment, preventing pollution and minimising the environmental impacts of our services taking a life cycle approach.
- Establishing and setting environmental and quality objectives and targets and communicating these to all persons working for or on behalf of the organisation.
- Review internal systems and standardise a way of working across all companies
- Develop a communication schedule and matrix to improve communication and feedback to all relevant interested parties

As CEO I confirm my commitment and support, including the review of our policies and objectives as part of the management system process, along with that of all employees of the company, to the above policy statement and the effective application of it.
